To All My Valued Patients

After 30 years in this location - I wish to formally announce my retirement from and the closing of – Ocean Park Natural Therapies – at the end of the calendar year.

As there are no Naturopathic physicians formally taking over the administration of my active patient files – I will endeavour to help you find suitable ongoing care by referral of your records to whomever practitioner you might choose.

Dr. Jessica Thompson, ND – who has been trained and currently works in the clinic – will be practicing in the Pitt Meadows region – and can be contacted at Coast Therapy – 604-463-0529.

Other practitioners who have been trained previously by me – are fairly close in the Morgan Crossing area – Scimedica Group #212 2630 Croydon Drive, Surrey, 604 541-8811.

I will continue practicing here until mid-December then relocating to the Telkwa/Smithers region of Northern B. C., and I am planning to open a small home-office as 'Telkwa Natural Therapies' - sometime in early 2024. However there is no current phone or internet contact to provide to you.

I also plan on putting up my contact information on the Ocean Park Natural Therapies website once it is refurbished after being recently hacked.

Once I have suitable contact information I will be available for phone consultation or referral with consent - for your medical information to be forwarded to the appropriate locations. There will be a nominal \$25 charge for phone consultations and/or referral of records.

I wish to thank you all for the ongoing support and experience that you have provided in helping me to serve the South Surrey and Lower Mainland communities with Individualized Integrated Medicine services for you and your loved ones.

I wish you all the best in your health and ongoing well-being...

Sincerely yours in Health,

Dr. T-Brown, ND
